ASSESSMENTS

NETWORKING ENGINEER | CISCO
2019
I successfully completed Assessments given by Cisco and able join few people who took their knowledge in domain of networking and hardware,this was done as a part job oriented skill training in diploma

CLOUD ARCHITECT | AWS
2021
I was able to take by first steps in Cloud by successfully completing AWS Cloud Architect and Engineer courses offered by AWS and Joining small community of AWS Cloud Enthusiasts.It is a part of job oriented electives 4th semester,Btech

BACKEND DEVELOPER | META
2022
I was able to deepen my knowledge about Backend Web development by successfully Completing Assessments given by Coursera with help of video lectures provided by Meta[Facebook].This is done due to my interets in web development

CLOUD DIGITAL LEADER | GOOGLE
2022
I was able to pass the Examination conducted by google inorder to be certified as Google Cloud Digital Leader with help of the materials provided by google.I signed up for exam as i want to explore my knowledge on cloud.

DEVOPS ENGINEER | LINKEDIN
2022
I took my first steps through the world of DevOps with help of industry experts like ernest mueller with Linkedin Learning as Platform,This was done as part of self interests.

PAST WORK AND ACHIEVEMENTS

FULL STACK WEB DEVELOPMENT | APSSDC
| 2020
• Got selected in internship traning programme by APSSDC which out of 300 members only 20 were selected and I was one of them.
• Me and with other 4 members developed a fully deployable website as a final assessment under guidance of the co-ordinator assigned with help of lectures given earlier.
• This really built foundation for me as a web developer at a fairly early time as we used bootstrap,spring tool suite,react Js to develop the website

WEB DEVELOPER | GVPCENSS.ORG
2021
I was among few members of team and we collectively developed website for NSS club of GVPCE as **GVPCE-NSS** from ground up which is launched and awarded by Dignitaries of GVPCE

MULTI CHANNEL ALERT SYSTEM | AWS SNS
2022
We Developed a Multi Channel Alert System using Amazon SNS which proved to be 1.5 times profitable for large scaled enterprices than the competition.This was done for mini project in 4th semester of Btech.

2021|Secured state 3rd and 114th rank in APECET and TSECET respectively.
2022|Lead my team in building Multi Channel Alert System.
2022|Played a crucial role in team for developing GVPCENSS.org
